SELF-HARM PREVENTION IN THE COMMUNITY: AWARENESS AND SIGNPOSTING FOR PARENTS AND CARERS

New self-harm project page for parents and carers in West Sussex

This new engagement project page is intended to inform you of the latest information, support, and guidance on self-harm.

You can also get up to date information on online sessions, resource, and engagement, and from time to time will be posting online polls and surveys to help shape and develop ongoing pieces of work, in relation to self-harm in West Sussex.

You can only access the page via the link below:

<https://yourvoice.westsussex.gov.uk/self-harm-in-the-community-awareness-and-signposting>
